

Be an Angel!

Ride naked for York and for the Planet
YORK WORLD NAKED BIKE RIDE

3 pm, Sunday 25 June 2017

Millennium Bridge

Join the twelfth YORK WORLD NAKED BIKE RIDE

3 pm, Sunday 25 June 2017

Millennium Bridge

*** Campaigning against car culture * Protesting against oil dependency * Celebrating bikes and bodies ***

The **World Naked Bike Ride** is an annual protest which takes place in York and over 70 cities worldwide. We ride to **protest** against the insanity of fossil fuel culture and to **celebrate** the beauty of bicycles and the ordinary bodies which power them.

We are fed up with our roads being dominated by the motor car and the danger and pollution it represents. It's time for sustainable, non-polluting alternatives that do not maim, kill or poison thousands every year. We believe the bicycle is a key part of this alternative vision.

Ride as bare as you dare. The ride is actually clothing optional but many of us go nude completely. We paint slogans on our bodies, decorate our bikes and create a joyous atmosphere as we pass through the ancient streets of York. Assemble from 2pm onwards. The ride itself sets off at 3pm and is expected to take around 90 minutes.

Why not come and join us? All you need is a body and a bike!

Notice us when we're NOT naked!

The ride has been arranged in consultation with the City of York Council and North Yorkshire police. Nudity in the context of our demonstration is not illegal. All under 18s should be accompanied by a responsible adult.
