Why join this year's ride?

The world naked bike ride is a worldwide environmental protest against the destructive effects of car culture. By cycling naked we hope to show the vulnerability of cyclists on city streets. We aim to promote all cycling and secure real rights for bikes.

Celebrate the body and the bike and experience the freedom of cycling with less clothing than usual!

Do I have to ride nude?

No! Many ride nude, but if you're shy, shorts, swimwear, crop tops, body paint or masks are all fine. It's "bare as you dare" and no one will pressure you to take off more clothes than you want to. A perfect body is not required either... we come in all shapes and sizes.

Will I be arrested for nudity?

Highly unlikely. Simple nudity isn't illegal in the UK, but using nudity to intentionally cause harassment, alarm or distress may be illegal. Don't act offensively and you are very unlikely to be arrested.

Date, Time & Assembly details

Please recycle.
